SENECA COUNTY PREVENTION, RETENTION, CONTINGENCY PLAN AMENDED

Overview

The Prevention, Retention, and Contingency (PRC) Program, established under Chapter 5108 of the Ohio Revised Code, is designed to provide benefits and Services to eligible households with at least one minor child to overcome barriers to achieving or maintaining self-sufficiency and personal responsibility. These supports include non-recurrent, short-term, crisis-oriented benefits and ongoing services that are directly related to the four purposes of the TANF program, which do not meet the federal definition of assistance.

Eligibility factors, time restraints, and amount available to pay for the various benefits and services covered must be explained. Anyone applying for PRC services must receive appropriate information about, referrals to, and access to Medicaid, SNAP, child care assistance and other programs that provide benefits that could help them successfully transition to work. It is also important to make the voter registration application, as prescribed by the secretary of state under section 3503.10 of the ORC available upon request to persons who are applying for, receiving assistance from or participating in the PRC program. Please reference Section 329.051 of the ORC.

PRC assistance will be authorized with the expectation that the PRC AG will be able to function without OWF assistance. Services and benefits shall be provided which directly lead to or can be expected to lead the family in becoming self-sufficient by accomplishing one of the four purposes of TANF:

- a. To provide assistance to needy families so that children may be cared for in their own home or in the home of relatives.
- b. To end the dependence of needy parents on government benefits by promoting job preparation, work and marriage.
- c. To prevent and reduce the incidence of out-of-wedlock pregnancies and establish annual numerical goals for preventing and reducing the incidence of these pregnancies.
- d. To encourage the formation and maintenance of two-parent families.

PRC has been designed to provide benefits and services that are not considered "assistance." The following are included in definitions of non-assistance.

- a. Nonrecurring, short-term benefits that
 1. Are designed to deal with a specific crisis situation or episode of need;
 2. Are not intended to meet recurring or ongoing needs; and
 3. Will not extend beyond four months.
- b. Supportive services such as transportation provided to employed families;

- c. Services such as counseling, case management, peer support, educational programs, Help Me Grow program, child care information and referral, transition services, and other services that do not provide basic income support.

PRC assistance will be available to the extent of availability of state and federal funds.

Eligibility Requirements

There are certain eligibility requirements that must be met in order to determine eligibility for the PRC program. The following sections explain the requirements and procedures that must be followed when making an eligibility determination. These sections are applicable to all of the benefits and services covered under the SCDJFS PRC Program unless specified differently within the explanation of the particular benefit/service. PRC requests received after a previous 30 day period of eligibility require a new application and determination of eligibility. Receipt of assistance from programs such as Comprehensive Case Management and Employment Planning (CCMEP), Ohio Works First (OWF), Medicaid or Supplemental Nutrition Assistance Program (SNAP) does not preclude eligibility for receipt of PRC services. When other federal, state or community programs are available to meet a household's needs, those programs must be utilized prior to any issuance of PRC. If the services requested are available through other sources (e.g., community resources), the availability of these sources must be explored and utilized prior to an eligibility determination for PRC. Also, if the program cap is not sufficient to meet the AG's existing need, the AG must verify other community resources that will pay the difference, and the amount must be paid prior to the Seneca County Department of Job and Family Services approving the application for services.

Assistance Group Composition

PRC benefits and services are available to families living in Seneca County. An eligible family must consist of a minor and/or dependent child who resides with a parent, caretaker relative, legal guardian, or legal custodian (or consist of a pregnant woman). An Ohio non-custodial parent may be eligible for services which will enable him/her to pay their child support obligations; either the non-custodial parent or the child must be a resident of Seneca County. In order for the non-custodial parent to be eligible for PRC benefits, he/she must be able to verify a consistent effort to maintain his/her child support obligation or be in compliance with Seek Work program requirements.

- a. A minor child means either of the following: an individual who has not attained age 18, or an individual who has not attained age 19, is a full-time student in a secondary school or in the equivalent level of vocational or technical training, and will graduate before his/her 19th birthday.
- b. A pregnant individual with no other minor children.
- c. A minor parent and his/her child(ren) residing with his/her parents are considered one AG for PRC purposes.

Assistance group composition will be determined following the OWF assistance group regulations unless otherwise defined in a chapter of this plan.

A child may be "temporarily absent" from the home for the purposes of PRC. In order to meet residency and assistance group requirements, the applicant must have a minor/ dependent child that is a resident of Seneca County and the child is not residing in the home as a result of

interaction with the Seneca County Department of Job and Family Services, Social Services division. This child, for the purposes of PRC, is considered to be residing in the home with the parent, caretaker relative, legal guardian, or legal custodian during the temporary absence period. This must be verified by the Social Services division.

The AG will be defined by the type of services received. The determination of the AG members is defined in the appropriate chapter of this plan.

Citizenship

In order to qualify for PRC, assistance group members must meet the citizenship requirements as determined by the current OWF (Ohio Works First) program requirements.

Income

Eligibility for PRC is dependent upon the AG's demonstration and verification of need for financial assistance and/or services. In order for eligibility to be determined, the income of the AG must be compared to the economic need standard established for the benefits and services requested. The economic need standards are based upon federal poverty guideline measures which shall be updated annually when the federal poverty guidelines are released. There are some income and benefits which are federally required to be excluded when determining income eligibility, those are outlined in Rule 5101:1-24-20 of the Ohio Administrative Code.

Eligibility may be determined by one of the following methods:

- a. The total gross income of all members of the PRC AG, as defined in the appropriate section, including earned and unearned income, shall be counted, except for the gross earnings of a minor /dependent child. This includes all income which is normally exempt or disregarded when determining eligibility for any public assistance program. This also includes money received from the State for child support arrearages. All income that has been received by the PRC AG within the 30 day period immediately prior to the date of application is considered when determining financial need. For cases in which income cannot be accurately obtained, the implementation of practices that are reasonable and prudent should occur when determining countable income. If pay stubs or other documentation is not available, a signed JFS 07341, "Applicant/Recipient Authorization for Release of Information" should be obtained from the applicant for an inquiry. Once the release is received, verification must occur and be clearly documented in the PRC case record. This documentation should include the name, position and phone number of the person who supplied the information, the date the information was received, the specific information, and who obtained the information.
- b. Receipt of public assistance (OWF and/or SNAP) during the 30 days prior to the date of application (Child Only OWF cases do not meet this requirement). For purposes of this plan, "receipt" is the date of the issuance of the benefit.
- c. A written, signed, dated self-declaration of the previous 30 days' income for the Assistance Group may be used.
- d. Verbal self-attestation or electronic signatures may be accepted, in accordance with FAL #183-B issued 3/26/2020. Limited to the duration of the COVID-19 Pandemic.

Disqualified Assistance Groups

There are certain individuals who are ineligible to receive PRC. If any one member of the PRC AG meets one of the following disqualifications, that individual is ineligible to receive PRC and the entire AG may be ineligible to receive PRC.

- a. Individuals who are not citizens of the United States or qualified aliens;
- b. PRC benefits may not be provided to anyone that fraudulently received assistance under SNAP, TANF, OWF, or PRC until that person repays the cost of the fraudulent assistance. All established IPV overpayments must be fully collected from the AG in order to re-establish eligibility;
- c. Fugitive felons, probation and parole violators and incarcerated individuals;
- d. Strikers;
- e. Unmarried, non-graduate parent under the age of 18, not attending high school or equivalent;
- f. Unmarried, non-graduate under the age of 18, not living in an adult supervised setting;
- g. A person found to have fraudulently misrepresented residence in order to obtain assistance in two or more states is ineligible for a period of ten years;
- h. Individuals who falsify an application for PRC;
- i. Individuals who fail to cooperate with any service plan connected to their PRC assistance.
- j. Individuals for whom PRC Services will not make a difference regarding employment (Employment and Training) or keeping the family together (Family Preservation Strengthening).

Note: Receipt of PRC services in another county or state shall be considered when processing a PRC application. PRC benefit amounts and receipt dates from other jurisdictions shall be considered and included within the cap limits and time periods established within this plan.

Applicant Responsibility

An applicant for PRC is responsible for completing all necessary documents, furnishing all available facts and information, and cooperating in the eligibility determination process. All needed information is subject to verification. The applicant also must cooperate with exploring available community resources.

Seneca County DJFS will investigate any/all allegations of PRC assistance fraud. Overpayment collection will be pursued if it is determined that an applicant fraudulently received PRC benefits.

Application Process

The "Prevention, Retention, and Contingency" application form has been developed for use when an assistance group is applying for PRC services. This is the application form that will be used unless it is specified differently under the explanation of the particular benefit/service. An eligibility determination must be completed before the provision of services.

Standard of Promptness

The Seneca County Department of Job and Family Services is responsible for using objective criteria when determining eligibility and approving or denying the request within ten (10) business days after the completion of the application process. A PRC application will be denied after 30 days if all requested verifications are not received. The completion of the application process starts with the receipt and/or verification of all requested documents. The eligibility determination will be processed in a fair and equitable manner. Under the Seneca County PRC program, an assistance group that includes at least one minor/dependent child, or pregnant woman, and meets all program eligibility requirements may receive customized benefits and/or services as determined by the Seneca County Department of Job and Family Services PRC Committee and the Director or designee. Other services targeted toward goals of the Seneca

County PRC Plan may be recommended by the Seneca County PRC Committee and approved by the Director or designee. The committee will consist of the administrator from each of the following divisions: Workforce and Family Services, Protective Services, Child Support Enforcement, and Business Administration and Technology Services.

Eligibility factors, time constraints, and amounts available to pay for the various services covered must be explained to the applicant. Anyone applying for PRC services must receive appropriate information about, referrals to, and access to Medicaid, SNAP, Child Care Assistance and other programs that provide benefits and/or services that could help them successfully move out of poverty and become self-sufficient. Any applicant found ineligible or adversely affected by a county determination will be provided with written notice, outlining their State Hearing Rights. PRC hearing decisions are based on the PRC program plan in effect in Seneca County at the time of the adverse action.

Notice of Approval/Denial

If the Seneca County Department of Job and Family Services determines that an application for PRC is approved, the JFS 04074, "Notice of approval of your application for assistance" shall be mailed or otherwise delivered. If the Seneca County Department of Job and Family Services determines that an application for PRC is denied, the JFS 07334 "Notice of Denial of your Application for Assistance" shall be mailed or otherwise delivered within 30 days of the date of application.

Once eligibility for PRC is established, authorization shall occur, and a payment for the benefits and/or services will be generated. Authorization may occur at any time during the period beginning on the date that PRC is approved. As long as payment is authorized within 30 days, actual payment may be made to vendors according to the procedures in place in Seneca County. All payments shall be made to the vendor or PRC AG. Policy has been written to ensure all auditing requirements are maintained. All service provider records must be available for review by SCDJFS upon request.

Scope of Coverage

The following sections contain the scope of services provided under the Seneca County PRC program. The chart also contains the assistance groups served, the economic needs standard and cap for each service, and the targeted groups and needed verifications.

Assistance issued to meet a family's "ongoing basic needs" has a maximum four month time period of issuance. While the need for utilities and shelter is an ongoing need, the specific occurrences of evictions, foreclosures, and utility disconnects are considered a specific crisis situation and are subject to a four month limit.

Based on the allocation received by the agency, an internal budget has been approved. Once that has been reached, applications may be denied due to lack of funding. Individual caps and time frames for receipt of service have been established for each scope of service.

If approved and adopted, the SCDJFS agrees to implement the PRC Plan as written above. No provision of this agreement and procedures shall supersede current statute. Other services targeted toward goals of the Seneca County PRC Plan may be defined/approved by the Seneca County PRC Committee.

Chapter 1: Family Strengthening and Preservation Services: TANF Goal #1, 2, 3 & 4

PRC payments may be issued for supportive services to assist at-risk individuals; needy families so that children may be cared for in their own home or in the home of a relative; needy parents to end dependence on government benefits, reduce out-of-wedlock pregnancies, promote job preparation, work, and marriage; and to one-parent families to encourage the formation of two-parent households.

Chapter 3: Disaster Services: TANF Goal #1

PRC funds may be used when a disaster has been declared by the Federal Government, State Government, or County Commissioners or there are immediate emergency disaster-caused needs necessary to resume normal daily activities independently. For the purposes of the plan, "immediate" will be defined as an event that occurred no earlier than 30 days prior to the date of application. All assistance is based on verified disaster-caused needs.

Chapter 4: Subsidized Employment Program (SEP): TANF Goal #2

The Subsidized Employment Program (SEP) will enable low income TANF-eligible Seneca County residents to gain valuable work experience while earning a paycheck to help meet basic needs. This program offers people the opportunity to develop a work history and have a current reference from an employer. Demonstrating success in a workplace environment can significantly increase the likelihood of getting hired in an unsubsidized job for participants with a criminal record or little or no work history. As paid employees, participants pay into the Social Security system and may qualify for Tax Credits, leading to increased long-term economic security. Employers hiring TANF-eligible persons may be eligible to receive the Federal Work Opportunity Tax Credit.

While eligibility is not restricted to OWF recipients, the Seneca County SEP will target OWF recipients.
